Object: Invitation to attend the International Forum – Horticultural Experiences – Padova

September 21st, 2017

Dear Sir/Madam,

We are glad to invite you at the **Horticultural Experiences – International Forum on production quality, environmental sustainability, welfare and green promotion**, that it will take place on September 21st in Padova at the Exhibition Center and will last all day.

The program is structured in thematic sessions focused on product and process quality, Green City, sustainability and promotion in partnership with **AIPH**, which is part of the **technical and organizational Committee**, together with ANVE – National Association of Nursery-Stock Exporters, and ENA – European Nurserystock Association.

Horticultural Experiences is part of Flormart, the historic international Exhibition dedicated to nursery gardening, landscape architecture and green infrastructures, which will take place from 21st to 23th September in Padova. Flormart has launched a real development project that includes promotion, marketing, research, education and training activities for all the horticultural supply chain throughout all the year. However, the centrality of the three days of Exhibition will be maintained by bringing together people involved in the ornamental plants sector.

Should you need any further information, please do not hesitate to contact us (he@flormart.it)

Best Regards,

Luca Griggio
